

I Need a Change

By: Justin Cross and Amy Cross

I stopped looking for the answers
I quit asking for the reasons why
Threw my hands up in surrender
Tryin' to steal a little sleep at night

The fever takes hold
But even it comes and goes

I need a change
Change, change
To wash over me
I need a life giver
A wide river
Come and make me clean
I need a change change change

Lately feels like there is nothing
Makes me wanna keep my head held high
I'm either crawling or I'm running
Always tired losing my will to fight

The trail might get cold
But the water still flows

And I need a change
Change, change
To wash over me
I need a life giver
A wide river
Come and make me clean
I need a change change change

Kill me or heal me
But don't say I'm too far gone
Plague me or save me
But please don't leave me here alone

Cause I need a change
Change, change
To wash over me
I need a life giver
A wide river
Come and make me clean
I need a change change change
Come wash over me
